

Centre for Adolescent Renewal and Education (C.A.R.E.)

Centre for Adolescent Renewal and Education (C.A.R.E.) was established in 1993 and has provided training for young people who would otherwise not have had many other education opportunities. Trainees obtain a holistic education, acquiring various life skills through the completion of an Adolescent Development Programme (A.D.P.) and an income generating technical vocational skills programme. It is expected that the young people benefiting from sponsorship through the Skills for Youth Employment (SkYE) Programme would not only be certified, but also be equipped to obtain employment or be self-employed when, or soon after, they graduate.

Location *Saint Lucia*

Training and Certification Target
